

**CERTIFICATE OF APPROVAL OF DESIGN OF CAPSULE  
FOR RADIOACTIVE MATERIAL**

<b>TITLE</b>	Soft Gamma Source Capsule X.12
<b>Drawing Nos. <del>and/or</del> specifications</b>	BRC 1866 Issue B BRC 3776 Issue A
<b>Radioactive Material</b>	Americium - 241
<b>Maximum Activity</b>	0.5 Ci.

This is to certify that the Minister of Transport being, for the purposes of the Regulations of the International Atomic Energy Agency, the competent authority of Great Britain in respect of inland surface transport and the Board of Trade being the competent authority of the United Kingdom of Great Britain and Northern Ireland in respect of sea and air, transport, have approved the above-mentioned Capsule Design. Radioactive material sealed in capsules manufactured to the above-mentioned design qualifies as special form radioactive material and as such will meet the requirements of the regulations overleaf.

This Certificate of Approval applies only to the design of the capsule as set out in the drawings and/or specifications listed in reference NRD/COT/3 dated 25th MAY, 1967, submitted by United Kingdom Atomic Energy Authority.

Date of Approval 24 October, 1967.

*[Signature]*  
E. J. Wilson (Dr.)

Radiological Adviser on behalf of the  
Minister of Transport and the Board of  
Trade.
